Year 3 Literacy and Numeracy

This week Year 3 have been focused on reading and writing descriptive texts. We looked at animals that were like us in nature and wrote all about them. We called them our Totems. We also continued great work in our Engine room activities.

In Maths we have been looking at telling the time and we learnt a little story about A Mother Duck and her baby to remind us about the hands of a clock. We were also very clever with expanding numbers in the hundreds. We also practised our arrays of our three times tables.
